

Translab.io - Performance Improvement Plan (PIP)

Objective

The objective of this Policy is to implement a career improvisation program with a measurable **Performance Improvement Plan (PIP)** for its employees who need such assistance for improving their performances, which ultimately will result in creating a productive workforce to achieve **Translab.io Goals & Aspirations**.

Scope

This Policy applies to select employees whose performance has fallen below certain acceptable parameters, post an assessment performed by the **Reporting Manager** & as defined by **HR Policy** for each function within the organisation.

The **Performance Improvement Plan (PIP)** is designed to facilitate constructive discussion between the employee, his/her **Reporting Manager** and **HR** to clarify the specific areas of improvement, training needs and re-assessment.

It is implemented at the initiation of the **Reporting Manager**, with inputs from the employee, and together they identify specific improvement areas or deliverables for a detailed training program in a time-bound manner which will ultimately help the employee to attain the desired level of performance.

Implementation The Policy is effective: **19th February 2024**.

Process

Post the scheduled performance assessments, employees who do not meet the expectations or goals of their respective functions would be identified and put on PIP, in conjunction with HR.

In all the identified cases, the Reporting Manager and HR will first review the plan. They will ensure consistent and fair treatment of such identified employees across the Company.
